CREATIVE Spotlight – Illuminated Sign & Display

Editorial submissions for the **Creative Spotlight – Illuminated Sign & Display Systems** will cover the wide array of Illuminated Sign & Display products available from light boxes and illuminated scrolling signs to neon, neon alternatives L.E.D. sign edge-lit acrylic displays. Etc., The story will cover the latest advances in sign and display lighting technologies, including ultra slim fluorescents, new Led lighting and animation technologies, electro luminescent lighting and more. We invite you to participate in this feature by submitting a full color image of an illuminated sign or display system or lighting product that your company manufactures for point-of-purchase advertising. The image may show a custom display application created for a specific advertiser, or a stock illuminated display product. Enclosed is a form to use in supplying us with images for this article.
