### Signs: Lenticular (Illuminated or Non-Illuminated)

- Signs printed with a lenticular effect show different images depending on the angle from which the sign is viewed
- Use up to 9 different images to create art with changing messages
- Decorating options include: direct-print high resolution 4CP digital printing, screen printing, laser engraving, hot stamping, sand blasting, air brushing
- Variety of frame options including wood, shape cut MDF, polyurethane foam, industrial style metal frame, gallery-style ornate frames
- Low cost, long running LED options now available UL, cUL, CSA, foreign power requirements supported
- Combine our fabrication talents and large variety of substrates to create high-impact hyper-custom lighted signs
- Single-sided or double-sided options with glass, mirror, acrylic, polycarbonate, or vacuum-formed faces
- Custom wood frame profiles can be created or matched to an existing profile
- Decorate and finish frames with antique crackle, glazing, antique, and hand-rubbed effects\*
- Branding on frames accomplished with screen printing, digital printing, laser engraving, and hot stamping
- Short run, quick turnaround.
- Global sourcing.

Our committed team, award winning in-house design and manufacturing, domestic and global sourcing, and tight project management means the success of your next program.

## LIGHT BOXES

DSA/PHOTOTECH  
16961 Central Avenue  
Carson, CA 90746  
Tel. 310-537-5000, 800-327-3723  
Fax: 310-537-7060  
Email: Sales@dsaphototech.com  
Web Site: www.lightboxes.com

In business for over 35 years, DSA is a leading manufacturer of visual presentation solutions offering an extensive selection of illuminated LED light boxes, fluorescent light boxes, LED light panels and digital signage. We offer large format LED light boxes less than 1" deep in standard and custom sizes up to 72" x 120".

Our Frameless Fabric LED Light Box is now available in a two-sided model illuminated with backlit strips. More than 90% of DSA's light boxes and light panels are made in the USA in a UL-listed manufacturing facility.
