Each company is listed in the specific category in which it works, including the complete range of point-of-purchase displays, exhibits, and sales promotion agencies and services. The **Illustrated Guide** allows each company to showcase its best work with a Full Color image accompanying its listing.

The **Illustrated Guide** serves over 15,000 P.O.P. buyers, sales promotion and event managers, product managers, exhibit managers and marketing managers in the leading corporations in North America, with quick, accurate and up-to-the-minute information about the resources in this industry. The **Illustrated Guide** is the single, largest publication in the entire advertising and marketing field and is kept and used by every buyer for one full year. The **Illustrated Guide** has been published for more than 40 years.

Each listing in the Guide costs \$250.00 and includes complete information about your company including name, address, telephone number, fax number, E-mail and Web Site, plus a comprehensive description of your services, which you write yourself. This description of services can run up to 100 words.

The unique format of the **Illustrated Guide** enables you to add visual appeal and selling power to your company's listing with an adjacent Full Color image which can be a display, exhibit, promotional event, company logo, catalog cover, etc. The cost to add an image to your listing is \$250.00, so the cost for a listing with a full color image reproduced to a maximum height of 5", is just \$500.00. Please send in a glossy photo or digital image in jpeg, pdf or tif format.

Each listing will be put into the category which best describes your display, exhibit or promotion service, which you select.
